

Product Name: CISTUS Antivirus Lozenge

Active Substances:

Active Ingredient: Cistus (Cistus Creticus) Extract, Arabic Gum.

No preservatives and colorants.

Sugar, gluten and lactose free.

Cistus Antivirus is a medical device product. Efficacy and safety have been tested according to the European Medical Device Directive (93/42/EEC)

Form: 10 lozenges with natural active ingredients, in fresh fruity taste.

Therapeutic indications:

Cistus extract forms through its natural active substances a protective film over the oral and pharyngeal mucosa.

In which cases shall Cistus Antivirus be applied?

- To support by physical means the natural barrier function of the oral and pharyngeal mucosa against viruses and bacteria infecting the respiratory tract.
- For the prevention of infectious and inflammatory airways diseases of viral and bacterial origin by physical (mechanical) barrier formation on the pharyngeal mucosa.
- For the alleviation of cough and dry cough.
- Also applicable at the first signs of scratching in the throat.

Posology and method of administration:

Dissolve a lozenge slowly in the mouth 3 to 6 times a day.
